Other tools: Tailwind, GitHub, Bootstrap, VS Code Editor, SQLite, Node.js, Express.js, Python, Atlassian Tools, Bitbucket, Jira, Agile software.

PROFESSIONAL EXPERIENCE

Application Engineer Sep 2021 - Present
Insightmobi Solutions Pvt Ltd Bengaluru - Karnataka, India

Roles & Responsibilities

- Design and Development:** Designed and developed web applications using ReactJS. Implemented RESTful APIs and seamlessly integrated them with front-end components to ensure smooth data flow.
- UI Development:** Designed and built responsive UI to enhance user experience. Effectively implemented software changes and alterations according to design specifications.
- Module Implementation:** Implemented and updated application modules to enhance overall functionality. Conducted thorough testing of web applications to ensure optimal performance.
- Version Control:** Utilized Git for version control, ensuring a systematic approach to tracking changes. Collaborated with team members using collaborative workflows for efficient project management.

PROJECTS

NextGen Campaign Mar 2023 - Jan 2024
Insightmobi Solutions Pvt Ltd Bengaluru - Karnataka, India

NextGen Campaign is a transformative project that enhances product campaigns by intelligently suggesting nearby stores to users. This personalized approach ensures convenient and efficient shopping. Users also enjoy exclusive discounts with our coupon codes. A key feature is our automatic payout system, benefiting retailers by streamlining payments and building trust. Our project optimizes product campaigns, delivering a comprehensive solution that benefits consumers and retailers.

- Objective:** Enhance product campaigns with intelligent store suggestions.
- Personalization:** Provide users with location-based recommendations for a convenient shopping experience.
- Exclusive Discounts:** Grant users access to exclusive coupon codes for attractive discounts.
- Automatic Payout System:** Implement an automatic payout system to streamline payments for retailers.
- Efficiency:** Ensure efficient and accurate payment processing at the close of each business day.
- Retailer Relations:** Foster strong and trusting relationships with involved retailers.
- Comprehensive Solution:** Combine product selection, store recommendations, personalized experiences, and financial efficiency.
- Benefits:** Optimize product campaigns, benefiting both consumers and retailers.

Product Catalog Apr 2022 - Feb 2023
Insightmobi Solutions Pvt Ltd Bengaluru - Karnataka, India

- Objective:** Developed for the Banking/Finance sector, the Product Catalog is a personalized user recommendation system based on transaction histories.
- Features:** Provides recommendations on available loans, credit card offers, limits, and tax reductions. Designed with modular architecture catering to specific user roles, ensuring a personalized and secure experience.
- Modules:** Different modules tailored to meet specific requirements of the banking and finance domain. Ensures users access only functionalities and data relevant to their roles, enhancing both security and user experience.
- Technologies Involved:** Implemented using a tech stack comprising HTML, CSS, JavaScript, React.js, and Tailwind CSS. Leveraged React.js for dynamic and responsive user interfaces.

- **User Experience:** Focused on delivering a seamless and personalized user experience by understanding user transaction histories. Enhances security through role-based access, ensuring users interact only with relevant functionalities and data.
- **Innovation:** Utilized cutting-edge technologies to bring personalized finance recommendations, contributing to a more user-centric banking experience.

This comprehensive project description highlights the objectives, features, and technologies used, and the emphasis on user experience and security.

Furniture Land

Sep 2021 - Mar 2022

Insightmobi Solutions Pvt Ltd

Bengaluru - Karnataka, India

Overview: Furniture Land stands as an ambitious e-commerce venture dedicated to providing a holistic online platform for diverse furniture needs. The project's core objective is to establish a seamless and visually captivating website or application, empowering users to seamlessly explore, purchase, and customize an extensive array of furniture items, catering to both residential and commercial spaces.

Key Features:

- **User-Friendly Design:** Crafted a user-centric design to enhance the overall browsing and shopping experience.
- **Comprehensive Catalog:** Developed a comprehensive catalog showcasing a wide variety of furniture items to meet diverse preferences.
- **Personalization:** Enabled users to personalize their furniture choices, ensuring a tailored and unique selection.

Technologies Utilized: HTML, CSS, Tailwindcss, JavaScript, Reactjs

Apprenticeship Training

Frontend Developer

Dec 2020 - Aug 2021

NxtWave

Hyderabad, Telangana

CCBP 4.0 Certification Programs. A comprehensive online learning ecosystem to make you Industry-Ready.

- Become a frontend developer with expertise in React Js. Build strong web development fundamentals and problem-solving skills. Architect end-to-end web applications using emerging frameworks and create a portfolio of projects.
