SUMMARY

3+ experience as a React Developer with hands-on experience in identifying web-based user interactions along with designing & implementing highly responsive user interface components by deploying React concepts. Proficient in translating designs & wireframes into high-quality code, and writing application interface code via Javascript and ReactJS workflows. Adopt monitoring & maintaining frontend performance and troubleshooting & debugging the same to bolster overall performance.

TECHNICAL SKILLS

Languages: JavaScript, CSS, HTML5

Libraries/Frameworks: React.js, Redux-Toolkit, Hooks, React Query, Formik.

Front-end Development tools: Babel, Webpack, Parcel, NPM, JSON Server.

Other tools: Tailwind, GitHub, Bootstrap, VsCode Editor, SQLite, Node js, express js, python, Atlassian Tools, Bitbucket, Jira, Agile software.

PROFESSIONAL EXPERIENCE

Application Engineer

Dec 2020 - Present

Insightmobi Solutions Pvt Ltd

Bengaluru - Karnataka, India

Roles & Responsibilities

- Design and Development:** Designed and developed web applications using ReactJs. Implemented RESTful APIs and seamlessly integrated them with front-end components to ensure smooth data flow.
- UI Development:** Designed and built responsive UI to enhance user experience. Effectively implemented software changes and alterations according to design specifications.
- Module Implementation:** Implemented and updated application modules to enhance overall functionality. Conducted thorough testing of web applications to ensure optimal performance.
- Version Control:** Utilized Git for version control, ensuring a systematic approach to tracking changes. Collaborated with team members using collaborative workflows for efficient project management.

PROJECTS

Healthcare Screening Application

Mar 2023 - Feb 2024

Insightmobi Solutions Pvt Ltd

Bengaluru - Karnataka, India

Overview: I have been actively involved in a dynamic and impactful project that involves creating a comprehensive screening application for healthcare workers, particularly ASHA workers and doctors. This application serves as a crucial tool for collecting and analyzing vital patient data, ultimately helping in the identification and management of chronic diseases like diabetes, as well as various other health issues.

Product Catalog

Apr 2022 - Feb 2023

Insightmobi Solutions Pvt Ltd

Bengaluru - Karnataka, India

- Designed for the banking and finance sector, the Product Catalog is a personalized recommendation system for users based on their transaction histories.

Furniture Land

Jan 2021 - Nov 2021

Insightmobi Solutions Pvt Ltd

Bengaluru - Karnataka, India

Overview: Furniture Land stands as an ambitious e-commerce venture dedicated to providing a holistic online platform for diverse furniture needs. The project's core objective is to establish a seamless and visually captivating website or application, empowering users to seamlessly explore, purchase, and customize an extensive array of furniture items, catering to both residential and commercial spaces.

Personal Projects

SWIGGY & YOUTUBE CLONE

- Developed Swiggy and YouTube clone web applications using React.js, replicating the core functionalities and user interfaces of the respective platforms.
